

IML's New Casper Drop Location

Inter-Mountain Labs, Inc.'s (IML) Casper Drop Location is moving! On Friday, Feb 1, 2019 we will be operating at 1701 East 'E' Street (McMurray Building) in Casper. Do not enter the McMurray Building through the main entrance. The entrance to IML is on the west side of the building.

The process will be the same:

- Secure entry direct from outside, 24/7 using the same code;
- Walk-in cooler;
- Same courier service to Sheridan, sample cooler pick up at 0500 hrs each business day.

Directions from I-25 Interstate north and south:

- From I-25 north: take McKinley St exit (#187), continue east (straight) on 'E' Street (frontage road) to 1655 East 'E' Street (1/2 mile) and enter parking lot;
- From I-25 south: take McKinley St exit (#187), head south (turn left) under I-25 and immediately head east (turn left) on 'E' Street, proceed to 1655 East 'E' Street (1/2 mile) and enter parking lot;
- Park on the far east side of parking lot next to the McMurray Building to unload (there will be IML signage), proceed south on the sidewalk to the third doorway and enter access code in the keypad on the door.

Important: If you drive past the parking lot you are on a one-way street and can't turn around!

So you have to go to Bryan Stock Trail, over I-25 and back down to the McKinley St Exit.

There is a desk to complete the shipping bill-of-lading (BOL) and the walk-in cooler for your sample coolers.

If you have any questions during business hours call 307.672.8945 or after hours call Eric Brandjord at 307.751.9454.

Thank you for your patience during this transition and for your patronage.
